

Among Us Video Game Charity Streams

Event details:

- Charity event Twitch streams will be held on November 25th to 27th lasting 3 days
- From 11:00am to 2:00pm MST, **2 games will be played per half-hour time slot**
- There will be a **\$10 entry fee** for each participant **per half-hour time slot**
- Maximum of 9 participants (and 1 game host) per game
- Total estimated donations: \$500 to \$1620
- Along with the paid for time slot, a ticket will be provided which will be used in a gift card draw

Logistics:

- Since there is no spectator mode in the game, there will need to be a designated game host in order to capture gameplay footage
- Gameplay footage (including audio) along with commentary will need to be broadcast to Twitch via OBS
 - If a game host is going to play on a mobile device, they will need to screencast/mirror the screen to their desktop
- In addition to the participants and 1 game host, we will have external game commentary provided by 2 stream hosts
 - A short list of potential candidates for providing commentary include David Brown, Bradley Drebit, James Mulawyshyn, Steve Knox, and Tyler West.
- In order to keep things more interactive, a Teams meeting room will be set up to facilitate verbal communication during gameplay, share external commentary from the stream hosts, and post codes for joining game rooms
- The following etiquette/rules should be obeyed in the Teams meeting room
 - Players should remain muted during “roaming” gameplay
 - When an “Emergency meeting” is called or a “Body is reported”, players may unmute themselves and are encouraged to discuss game strategies. During these times stream hosts should be muted
 - No general spam (internal or external to the event)
- If the maximum of 9 participants per game is not achieved, the game will still proceed but may include additional randomly selected global players who are not affiliated with this event if there are too few players
- Participants may apply for as many half-hour time slots as desired and there will be no limit per individual on tickets put into the gift card draw
 - People who have served as game hosts cannot enter any tickets into the draw
- The details above along with game mode settings may be adjusted to optimize the number of participants/donations received
