CASEWORK

PRODUCT BROCHURE

ISSUED 2023 04 04

## GET CONSISTENT QUALITY AND EFFICIENT INSTALLATION

Want to tailor storage to your exact needs without paying extra for customization or complexity? DIRTT Casework offers the best of both worlds. Get precision-manufactured casework with the predictable lead times of DIRTT. Maximize your space with parametric designs that deliver cabinets and storage precisely sized to fit your space. Our large-scale manufacturing ensures consistency over time and across your projects. And whether it's for a workplace, healthcare, education, or public sector project, DIRTT casework arrives assembled, reducing installation time on-site.

## REDUCED LEAD TIMES

With DIRTT Casework, you can be move-in ready faster. Our storage solutions are precision manufactured in state-of-the-art facilities in 21 days or less. That's one quarter of the time it takes other casework manufacturers. Once completed, they're shipped to site for quick installation. And DIRTT Casework seamlessly integrates with the rest of our construction system, further speeding up the process

## BRING YOUR VISION TO REALITY

Every space is unique. Every vision is different. You need a system that allows you to create dynamic spaces no matter the size. DIRT Casework gives you the freedom to create cabinets that precisely fit your space to  $\frac{1}{16}$ ". And thanks to the efficiency of our manufacturing process, custom design doesn't come with a custom price tag. Get cost certainty and the benefits of prefabricated storage solutions without restrictive module sizes.

CASEWORK

## CONSISTENCY AND QUALITY OVER TIME

As part of the DIRTT Construction System, our casework uses the same paints, laminates, and veneers as our walls and doors. This allows you to have finishes that match exactly across your entire space. Since our casework is all manufactured in the same facility, you get a consistent look across your real estate portfolio no matter where you're based. Or when you're building. Our commitment to quality allows us to deliver cabinets that match what you've ordered in the past or will order in the future.\*

\*Subject to discontinued product lines by third-party manufacturers

## BUILD WITH CONFIDENCE

Like the rest of the DIRTT Construction System, our casework is backed by a 10-year warranty. Working with our construction partners ensures you are supported long after the project is completed.
